RATS, CATS AND SNAKES firearms and of game, to wander about firearms and of game, to wander about the country at his ewn sweet will with a gam in his hands. A great deal too much reckless shooting goes on, something sheuld be dene to. The them, as, for instance, by pincing a written character on the colling, or many characters at times, under the popular supposition that rats, like peopular supposition that rats, like the popular supposition that rats are times, which receives a sum of the certain and were ready to limits meagment upon it.

The Character, but to the latter the capability of the country at his ewn sweet will with a gam in his hands. A great deal too much reckless shooting goes on. Samill, and saiss centium to be inade almost exclusively from the old stocks, which will hardly last many weeks ionger. The sales for the week will probably be 400 hogsheads. The

ORNAMENTS OF JET.

R. H. Anders bless, make it lively the eggs and young of the awallows which live muder the caves. One can always tell value the space died at Briefs the excited chattering becaused ween the lively efficient the annuor of died. A Description of the Process of Working the Peculiar Substance.

Jet is dug from the earth much after Decessed was a breth reds of them Mel' ...ag n, of the hot ties, and the manner of digging amber. The two products are often found together In the pits which are sunk in the sands jarder away at him with all their might. Others fly away and onlist the on the sould shore of the Baltic, and also en the shore of the North Sea. From this circumstance, and from sorvices of the impudent magpies, wha come secreming in their schrill tones and give Mr. Sanke a sharp dig la some naprotected part. The suake usually gets the worst of the encounter and runs to come. tielr having some properties la cou-mon, it is likely that the two substances have a common erigin. Jet has been described as a variety of lig-nite, that is, a product of wood under-going a change into coal. There is reason for thinking that both this and The people will not kill the snakes; amber are from rosins and gams. These old English lines give a good neng n man who killed a polsenous

count of the substance: gether with his whole family, by the Jeat-stone elmest a gemm, the Lybians find, llut fruitful liritein sends e wendrous kind; "Its black and shleing, smooth, end ever tight 'Twill draw up strawe, if rubbed till bet en schee of care and my tarnies.

bright. Oyl makes it cold, but weter gives it heat. chrodish jet is dug on the coast of loarn from ornamest the and Soartombs that jet was in uso among early Britons and their conquerors, that in its oarly use jel was worn, as the cray-fishes we may observe charm or smulet to protect the wearsr abound in enverue are provided with eyes; others have them present, of jel ln England Is worth about one hundred thousand dollars. The price The working of this product up into nrticles of ornament and use gives omerce with while in the cuter world four cycl, while in the cuter world four cycle. ploy acut to five handred mon, women and children in Whitby. The process entirely cycless condition. Some-cary

"The pattern of the desired object,

a scroll, leaf, flewer, or whatever cise, plece of jet sawn to the required dlbrings out the rudo ferm, and by nsing various knives and chisels, necording organs of louch; these parts become to the delicacy of the design, be in no long time has the article ready for the on a mat with her baby in her arma, apparently both asleep. "Ah ha!" he erlod, "this is lie way you lolter around while I work in the field till my belly has vanished. I'll teach you polisher. The work looks very easy, as you watch the men cutting, apparently with less concern than some ner's Magazine. Granite and Marble my belly has vanished. I'll teach you folks bestow on the whitting of a a thing or two." With which he struck her a sound blow, which only resulted hesps. The nature of jet favors rapidin jolting the babe from the breast ity of hand. It has somewhat the apand disclosing a drop of bleed where pearance of compressed pileh, and mild should have been.

The enraged father was startled, the forgot his anger as he saw that his little family lay dead before him. He been found with fossils so went to examining the apartment and under a chest he found a lot of blood and the half of a snake with a He forgot his anger as he saw that his pitch does. under a chest be found a lot of blood and the half of n snake, with n cat still eating at the living head and upper lemm, contrary to the common belief and the haif of n snake, with n cat still eating at the living head and upper portion of the body. The snake's head still jumbed about and the fungs still jumbed about and the fungs daried out, keeping the cat busy to keep out of the way. But the jumping head had struck the sleeping mother and the deadly fungs had pierced her flesh, sending the poisoned blood into the unraing infant, killing them both. Since that time cats are not kept in the unrsing infant, killing them both.

Since that time cats are not kept in the country, and are seldom seen in the cliles. When seen they appear the state mode fast by one end to the bench, and taking held of the other, and shifting or tightening as the work may require, the boys rub the deep parts of the or-naments backward and forward till the polish is complete. The tinishing touch, which imparts the brilliance, is givon by a sprinkling of rongo and n light hand with a rubber."—Youth's

Companion. TORTUGAS ISLAND.

curred at times to mest people, that the proud privilogo of bearing arms possessed by all American citizens is A Fertile Isla Which that than the Cause of Much Controversy. Commander Ullman, a retired officer of the Hungarlan army, who is now hilred man was sent by his employer, a market gardener named Menk-meyor, to drive some geats out of n n market gardener named Menkmeyer, to drive seme geats out of n garden patch. For this purpose, one might suppose, no more formidable weapen would be needed than a stick or a handful of pobbles. Gents are not very dangerous animals. Nuvertheless, the hired man was armed with a pistol, which itel drive at the goats. The result, so far as these animals were concerned, was ruly but the ball lodged in the foct.

of the Tortngas Island, about which of files the fact of its existence is of value as showing the rapid way in which werk is being systematized and which werk is being systematized and up to fine or which werk is being systematized and which werk is being systematized and which werk is being systematized and such the value as showing the rapid way in which werk is being systematized and sput in proper channels throughout the same animals. Nuvertheless, the hired man was armed with a pistol, which is the point of a needle, a slim silver of iron or which werk is being systematized and put in proper channels throughout the listing for a needle, a slim silver of iron or which werk is being systematized and put in proper channels throughout the large of the large of the large of iron or which werk is being systematized and ago. Toringas Island is considered the large of iron or which werk is being systematized and which werk is being a showing the rapid way in which werk is being systematized an so far as these animals were concerned, was nut; but the ball lodged in the foot of a girl, who was sitting on a cottage porch two hundred yards away. It appears from the report that the people of that neighborhood are in the habit of resorting to lethal wenpons for the purpose of scaring gonts and other depredators, and that the man Monkmoyer is especially fond of that kind of sport. According to the father of the wounded girl, "he goes after boys with a gun sometimes whon they try to steal applea." Evidently Mr. Monkmoyer's iden of the roper use of fire-arms needs a strong corrective. The other case was a mech more serious one. Two boys, who were plaking berries near Elizabethpert, N. The defer case was a mech more serious one. Two boys, who were plaking berries near Elizabethpert, N. The strain of the lour was atruck the shopherd played upon his flute and the dog played geatly at his feet. But, when they larged geatly at his feet. But, when they head of translation of the shand, and was in need of fruids. When they were pressed for the claim they speedily raised the money in Paris, and the or ext thing we hear is that the island was parchased as a trong corrective. The other case was a mech more serious one. Two boys, who were of the island. He has offure pleking berries near Elizabethpert, N. The shand is avery fertile, and has on it large tracts of the corrected the close was the work of the evil the clock was the work of the evil eliging to the father of the proper use of fire-arms needs a strong corrective. The other case was a mech more serious one. Two boys, who were played upon his flute and the dog or cross a muscle, where they may one remember of played upon in las flute and the lour was struck the shopherd played upon in las flute and the lour was a truck the shopherd played upon in las flute and the lour was atruck the shopherd played upon in las flute and the lour was at the lour was a truck the shopherd played upon in las flute and the lour was truck the shopherd played upon in las flute and the so far as these animals were concerned, was nul; but the bali lodged in the foet Government threatened to solze the serious one. Two boys, whe were picking berries near Elizabethport, N. Y., were shot and merinily wounded "by naknown sportsmen gunning in the neighberheed." The lads declare that the men deliberately fired at them and the purchase if the United States Government buys it.—Demorest's Monthly.

buckshot and are probably dead by this time. Of course, it is difficult to believe that the "sportsmen" deliber-ately shot twe ineffensive boys, and -The editor of the Gazette has been urged to have a rabbit painted upon his hond, because it is thought that people might take it for a hare.—St. Joseph Herald. The All Night Dance in Which "Ole Virginia Never Tires."

A writer in the American Magazine gives a very felicitous description of a dancing party in the sparsely settled portion of Virginia.

These parties are events of great

These parties are events of great importance, drawing friends and acquaintances for many sniles around. They will come, perhaps, from distant counties, a day's journey or more, to participate in the festivities. The methed of travel is "on horseback," and as the roads are bad and frequently bridgeless, the journeying must be accomplished between "sun me" and dark. This would be suffi-

universal custom.

which is only suspanded for the hearing ty suppor at midnight, and the "sweet suppor" as it is called, of cakes, jellles, and intro, which is formable to the formation of the hearing and intro, which is formable to fore day break.

As the sun rises the visitors mount their horses and start on their home ward journey, perhaps of many hours duration. It seems the paylor acvers penalty for the carry high dance was a common feature of social life, and old and young, for miles around, were participants. They were a hardy race, perhaps because they conjoyed themselves, took pleuty of exercise and but little medicine. They enjoyed a rugged diage, because they found medicine for their simple allments in nature's remardles, the roots and herbs of noar-by fields and forests, which cured them, and left no after Ill effects.

The peopls of to-day might be more rugged and enjoy life better if they wound have recourse to nature's remerdles, instead of mineraldrugs. With a purpose of glying them a clause to try this course, Il. II. Warner & Ce., a fine people is carled to the fighest depression and but left in performances took the form of people of the serious of the carry five serious days and discussed they conjugate the course to nature's remerdles, instead of mineraldrugs. With a purpose of glying them a clause to try this course, Il. II. Warner & Ce., a fine people of the serious days and the serious of the carry five serious days and the seri

eriles, instead of mineral drugs. With a purpose of glying them a chance to try tita course, II. II. Warner & Ce., proprietors of Warner's Safo Cure hard had prepared, from the best recipes, used in real leg cabin days, a line of remedies known as Warner's Log Cabin Itemedies, comprising a Sarsaparills, a Hopa and Buchu Remedies of experiments at the fle de R.c. Tho performances took the form of piscatorial seances, and it became the rage to take a fish shock. Wondrous medical virtuo was ascribed to it, and the demand for torpedoes brought a rich harvest to the fishermon. Their use in medicine, however, was not new, as Discorides, the physician of

I am not an admirer of the suncking habit, but I never hear a lady rait against it without experiencing a feverish desire to retailate with a disunctation of that silly habit of gum-che wing. The extent to which the practice provalls among the women and girls of Chicage is heartrending. I enjoy the acquaintance of not a few young ladies whom I could almost pronounce without a fanit if the were not for their addiction to it. Know of few things more disquicting than the sight of a rosy-faced maid, sound sud healtry in every other respect, chewing away for dear life on a slab of the sticky compound between the pauses in her conversation. As a rule, the faster the gum-chewer taiks the faster she chews, until her efforts in the latter direction attain their climx in a series of disjoints. ness .- Chlacgo Journal.

# Why Canned Meats Poison.

was polson in the ment before the can was opened, but because the meat had been sliowed to develop the promaine polson of putrefaction after the can was opened. It was not cannod saimon, the other day, that polsoned a family that atelt with impunity the day after it was of twelve feet he struck a lish with a girl the shock was so never it that he is the key was so never it the same that the interpretation in the case of the possing a rainty that day after it was gig the shock was so powerful that he opened, but it was saturon that was made -Good Honsekeeping.
